SOFTWARE DEVELOPER

OBJECTIVE:

As a final-year undergraduate in Information Technology specializing in Applications Development at Cape Peninsula University of Technology, I am poised to graduate with a strong foundation in object-oriented programming languages and technical skills including Java, Spring Boot, SQL, and web development. My experience as a Cashier at Emasithandane supermarket helped me develop problem-solving, data accuracy, and operational management skills, which are essential in IT environments. Handling transactions and managing stock introduced me to data processing, record-keeping, and the importance of system efficiency. As an IT student, I am eager to apply my technical knowledge and logical thinking to software solutions that optimize business operations and improve efficiency.
